

APPENDIX I

ACKNOWLEDGEMENTS

GATSBY

The Gatsby Foundation is most grateful to all of the partners and stakeholders who have been instrumental in conducting this review and contributing to this report. This includes:

- our lead research partner, the International Centre for Guidance Studies at the University of Derby;
- members of the advisory group and practitioner group, who have provided sector-level and on-the-ground expertise and advice regularly throughout the project;
- those with whom the research team consulted for informational interviews, international case studies and informal advice; and
- the range of institutions, including secondary schools, special schools, alternative provision settings, colleges and independent training providers who volunteered their time to host a visit from Gatsby to examine current and emerging practice in careers guidance.
